

## **JEFFREY T. REITER, PhD, ABPP**

2143 N. Northlake Way, #38  
Seattle, WA 98103 (USA)

E-Mail: jeffreiter2@gmail.com  
Phone: (206)-979-6334

### **EDUCATION**

- Ph.D.**            *The University of Vermont*  
Burlington, VT  
Clinical Psychology (APA-Approved)  
Completed October, 1996  
Dissertation Topic: Development of the Body Dysmorphic  
Disorder Examination  
Advisor: James C. Rosen, Ph.D.
- Internship:**    *Malcolm Grow Medical Center*  
Andrews Air Force Base, MD  
(APA-Accredited)  
Director: Ronald Chapman, Ph.D.
- M.A.**            *The College of William and Mary*  
Williamsburg, VA  
Experimental Psychology  
Completed May, 1990  
Thesis Topic: Investigating the Bulimia-Depression Relationship Using  
Sleep Deprivation  
Advisor: Ellen Rosen, Ph.D.
- B.A.**            *The College of Wooster*  
Wooster, OH  
Psychology  
Completed May, 1987  
Senior Thesis: Determining the Necessity of Facial Expressions for a  
Subjective Experience of Emotion  
Advisor: Henry Loess, Ph.D. and William B. Scott, Ph.D.

### **PROFESSIONAL AND EARLY ACADEMIC HONORS**

American Psychological Association (APA) Presidential Award for Innovative Practice, 2009  
One of only 12 awards given to psychologists nationwide by the APA in 2009  
Presented by APA President James Bray at the CFHA Opening Plenary, October, 2009  
Award shared with Patricia Robinson, PhD, and Kirk Strosahl, PhD  
U.S. Air Force Health Professions Scholarship Recipient (2 selected nationally); 1992-4  
University of Vermont Suitor Award (grant awarded to 5 university researchers); 1992  
College of Wooster Student-Athlete Award; 1987  
National Presbyterian College Scholar; 1983-1987

### **SPECIALTY CERTIFICATIONS**

Diplomate in Behavioral Psychology, American Board of Professional Psychology (ABPP), since 2002  
State of Washington, Psychologist License #PY00002934, since 2004  
Critical Incident Stress Management, 1997, from International Critical Incident Stress Mgmt Foundation  
Hostage Negotiation, 1998, from Federal Bureau of Investigation (FBI)  
Tobacco Cessation Course Facilitator, from American Lung Association, 2002

## CURRENT POSITIONS AND ACTIVITIES

### ***Lead Psychologist, Primary/Ambulatory Behavioral Health***

Swedish Medical Group  
Seattle, WA

Duties: leading the roll-out and development of a new primary care behavioral health service in this large non-profit healthcare organization that houses 27 primary care clinics; my duties include both clinical and executive-level work, with the proportions of each changing over time. The clinical service we are building will follow the Primary Care Behavioral Health (PCBH) model, in which our behavioral health providers will utilize brief interventions, with a high patient volume, see the entire range of behaviorally-influenced problems and ages, and be immediately accessible as a regular part of the primary care team. I also supervise the psychologists in the various specialty settings within Swedish Medical Group.

Supervisors: Phil Capp, MD (Family Physician/Medical Director of Ambulatory Behavioral Health)  
Dates: January, 2015 to present

### ***Clinical Associate Professor***

Arizona State University  
Nicholas A Cummings Doctor of Behavioral Health (DBH) program

Consulting faculty for this innovative new degree program that specializes in training mid-career mental health professionals to work in integrated primary care. Duties include writing, assistance with curriculum and program development, development and presentation of instructional webinars, and other miscellaneous faculty responsibilities. This is a .1 FTE position.

Supervisor: Colleen Cordes, PhD, Director of the DBH Program  
Dates: December, 2013, to present

### ***Consulting Associate***

Mountainview Consulting Group, Inc. ([www.mtnviewconsulting.com](http://www.mtnviewconsulting.com))  
Primary Care Shrink, Inc. ([www.primarycareshrink.com](http://www.primarycareshrink.com))

Various consultative work helping organizations integrate behavioral health services into primary care, as well as helping individual practitioners learn to provide integrated care. Currently working on various projects with Healthcare for the Homeless—Houston (with Dave Buck, MD, 2013 AAFP Public Health Award recipient), the Healthcare Federation of Philadelphia, and Christiana Care Health Services (Delaware).

Supervisor: Kirk Strosahl, PhD (President, Mountainview Consulting Group)  
Dates: August, 2013 to present

### ***Co-Founder/Co-Chair, Primary Care Behavioral Health SIG***

Partnered with Christopher Hunter, PhD, ABPP, to develop this new Special Interest Group (SIG) for the Collaborative Family Health Association (CFHA). This SIG is the first formal organization of individuals interested in the research, dissemination, practice and refinement of the PCBH model of integrated care. To date, the SIG has approximately 300 members. I am currently co-chair.

Dates: November, 2013 to present

### ***Various Writing Projects and Peer Review Duties***

Involved in several writing projects, including journal articles and a revision of the book I co-authored with Patricia Robinson, PhD. I also conduct occasional peer review duties for two journals. See pages 7 and 10 for details of these activities.

## PROFESSIONAL AFFILIATIONS

Member, Collaborative Family Healthcare Association (CFHA), since 2008  
 Co-Founder/Co-Chair (with Chris Hunter, PhD) of the Primary Care Behavioral Health SIG,  
 2014-present (see also p. 2)

Diplomate, American Board of Professional Psychology (ABPP), Behavioral specialty, since 2002

Member, Association for Behavioral and Cognitive Therapies (ABCT, formerly AABT), 1992-2009  
 Member, Health Psychology Special Interest Group

Member, American Psychological Association (APA), since 1995  
 Member, Division of Health Psychology

Member, Society of Air Force Clinical Psychologists (SAFCP), 1996-2002

Member, Society for Behavioral Medicine (SBM), 2005-2007  
 Board Member and Newsletter Editor, Integrated Primary Care Special Interest Group, 2006

Member, International Society for Traumatic Stress Studies (ISTSS), 2004-2006  
 Member, Integrated Primary Care Special Interest Group

## PAST CLINICAL AND ADMINISTRATIVE EXPERIENCE

### *Lead, Primary Care Behavioral Health Service*

HealthPoint Community Health Centers  
 King County, WA

Duties: co-developed and led a primary care behavioral health consultation service in this community health organization that is comprised of 11 primary care clinics; patient population is diverse, mostly indigent and underserved; clinical work was in primary care and involved brief consultative work oriented toward improved physician management of psychosocial issues/problems; populations seen included all ages, and the entire spectrum of “medical” (e.g., diabetes, headache, etc.) and behavioral problems; starting in 2002, the behavioral health service grew from one (myself) to 11 psychologists, developed a practicum and an APPIIC-approved pre-doctoral internship program (6-7 students total), and was the recipient of numerous grants. In addition to clinical duties, I also supervised the psychologists and was responsible for overall administration of the service. My time was 95% clinical and 5% administrative until 2014 when my FTE changed to .9, with .7 FTE in clinic and .2 FTE administrative time.

Supervisors: Judy Featherstone, M.D. (Chief Medical Officer), Evan Oakes, M.D (Medical Director)  
 Dates: September, 2002 to January, 2015, with a 1-year break 2008-09 to consult for the US Air Force

### *External Consultant, U.S. Air Force Behavioral Health Optimization Program (BHOP)*

Based from home in Seattle, WA

Duties: 1 of 3 consultants to the U.S. Air Force BHOP worldwide; focus of this work was to help improve primary care behavioral health services in the U.S. Air Force. Duties consisted of site visits to bases for 1 week at a time, training primary care providers and the behavioral health providers working in primary care, and working with hospital leadership to overcome systemic barriers to success of the service. This was one of the largest training initiatives ever undertaken by the U.S. Air Force Mental Health Service.  
 Project Leads: Kirk Strosahl, PhD, and Lt Col Tracy Neal-Walden, PhD  
 Dates: April, 2008, to May, 2009

### *Clinical Psychologist (Military)*

David Grant Medical Center  
 Travis Air Force Base, CA

Duties: supervised 1-3 psychologists and provided direct psychological care (individual adult, group, marital, psychoeducational), testing, briefings in outpatient clinic of major medical center; oversaw staff training on medical readiness issues; supervised/taught Family Practice residents and Social Work interns; administered quality assurance program; member of Interdisciplinary Coordination and hospital Ethics Committees; part-time consultant/provider to unique multidisciplinary clinic for chronic medical patients

- *Note: From May-Sept, 2001: **Chief, Life Skills Clinic**, at Prince Sultan Air Base, Kingdom of Saudi Arabia; this was a temporary duty; I was the sole provider of mental health services to U.S. military personnel throughout the Middle East; clinical responsibilities were similar to those listed above*  
Supervisor: Lt Colonel Kevin Blakley, Psy.D (temporary supervisor was Major Eric Thomas, MD)  
Dates: August, 2000 to August, 2002

***Chief, Life Skills Clinic (Military)***

425<sup>th</sup> ABS Medical Flight  
Izmir Air Station, Turkey

Duties: directed the domestic violence, behavioral health, and substance abuse programs of an outpatient military medical clinic; supervised a staff of six (three providers); developed and conducted community outreach and prevention activities, staff trainings, organizational trainings; conducted routine and on-call clinical assessments/treatments with individuals, couples, families, children; chaired three recurring meetings involving base commanders; led Critical Incident Stress Team; led Interdisciplinary Coordination Committee; also was member of several base committees and executive committee of clinic.

Supervisor: Major Jacques Cousineau, M.D.

Dates: June, 1998 to August, 2000

***Clinical Psychologist (Military)***

77th Medical Group  
McClellan Air Force Base, CA

Duties: staff psychologist for outpatient clinic serving 5,000 active duty personnel and their family members; duties included outreach (organizational briefings, special events, publicity, community resource coordination), prevention (wellness classes, prevention interventions), individual therapy, organizational consultations, crisis intervention, psychoeducational classes, medical psychology consultations, psychological assessment; member of the workplace violence prevention policy group, health and wellness council, and prevention committee.

Supervisor: Captain Shahram Ardalan, PhD

Dates: August, 1995 to May, 1996; September, 1996 to June, 1998

***Interim Chief, Life Skills Flight (Military)***

77th Medical Group  
McClellan Air Force Base, CA

Duties: directed all mental health services during 4-month provider transition period; responsible for operations of substance abuse, domestic violence, and behavioral health clinics, which service 15,000 patient visits annually and operate with a \$100,000 annual budget; supervised 7 providers and 12 technicians; also continued to operate during this time as a provider, in the capacities described above

Supervisor: Major Laura Kelly (Nurse)

Dates: May, 1996 to September, 1996

***Clinical Psychology Intern (Military)***

Malcolm Grow Medical Center  
Andrews Air Force Base, MD

Duties: APA-approved internship site; setting was an outpatient clinic serving active duty and retired military personnel and family members; rotations included Behavioral Health Psychology, Outpatient Mental Health, Neuropsychology, Inpatient Psychiatry, and Inpatient Substance Abuse Rehabilitation; primary services included teaching psychoeducational groups, individual therapy, marital therapy, psychological/security clearance/neuropsychological evaluations, organizational briefings

Supervisors: Lt Colonel Ronald Chapman, PhD  
Captain Margaret A. Gerner, PhD

Dates: August, 1994 to August, 1995

***Clinical Psychology Practicum***

Behavior Therapy and Psychotherapy Center  
University of Vermont Psychology Department  
Burlington, VT

Duties: setting was a private outpatient clinic; provided primarily individual adult and couples therapy; populations included sex offenders, disorders of anxiety, body image, sleep, mood, and eating, and behavioral medicine areas; also conducted psychosexual evaluations of sex offenders

Supervisor: James C. Rosen, Ph.D.  
William M. Butler, Ph.D.

Dates: July, 1993 to August, 1994

***Medical Psychology Practicum***

Medical Center Hospital of Vermont  
Burlington, VT

Duties: was the sole psychology member of an interdisciplinary program for brain-injured and general rehab (e.g., stroke, chronic illness) populations; provided neuropsychological, psychological, and competency evaluations, staff consultation and support, treatment planning, crisis management, behavior management; conducted individual, group, and family therapy; provided evaluations and treatment recommendations in outpatient Brain Injury Clinic

Supervisors: Mary Willmuth, Ph.D.  
Janis Peyser, Ph.D.

Dates: July, 1992 to July, 1993

***Clinical Psychology Practicum***

Spine Institute of New England  
Williston, VT

Duties: member of Psychology staff in interdisciplinary treatment program for chronic back pain patients; provided staff consultation and support, treatment planning, individual and group therapy; taught behavioral skills classes (in assertiveness, stress management, RET); conducted relaxation classes and biofeedback

Supervisor: Steven Kalisch, Ph.D.

Dates: July, 1991 to July, 1992

***Body Image Therapy Practicum***

Behavior Therapy and Psychotherapy Center  
University of Vermont Psychology Department  
Burlington, VT

Duties: conducted intake evaluations and group therapy for clients with body dysmorphic disorder and body image disturbance (as part of a continuous treatment study)

Supervisor: James C. Rosen, Ph.D.

Dates: July, 1991 to July, 1992

***Clinical Psychology Practicum***

University of Vermont Counseling and Testing Center  
Burlington, VT

Duties: provided individual therapy to undergraduate clients with a variety of presenting problems (e.g., adjustment, academic, anxiety)

Supervisors: Alice D. Outwater, Ph.D.  
Sam Deitzel, Ph.D.

Dates: January, 1991 to June, 1991

***Psychology Technician***

Eastern State Hospital  
Williamsburg, VA

Duties: assisted staff psychologists by administering and scoring tests (personality, psychological, intellectual, neuropsychological) to psychiatric inpatients; limited co-provision of individual and group therapy; population included primarily chronically mentally ill

Supervisor: Vicki Caminer, Psy.D.

Dates: Sept., 1988 to June, 1989; Sept., 1989 to June, 1990

## **TEACHING EXPERIENCE**

### ***Adjunct Faculty***

Argosy University  
Seattle, WA

Duties: developed and taught Argosy's first-ever course in integrated primary care behavioral health. Students were from Argosy's doctoral training program in clinical psychology. Also consulted with Argosy on how to develop other similar course offerings in the doctoral program.

Department Chair: Frances Parks, PhD

Dates: January, 2011, to April, 2011

### ***Instructor***

University of Maryland University College—Europe  
Prince Sultan Air Base, Kingdom of Saudi Arabia

Duties: instructor of undergraduate Introduction to Psychology course (one term)

Department Chair: Jane McHan, Ph.D

Dates: June, 2001, to August, 2001

### ***Instructor***

Chapman University  
Sacramento, CA

Duties: instructor of undergraduate and graduate students; courses included Learning and Memory (taught twice), and History and Systems of Psychology (taught once); conducted "Advancement to Candidacy" evaluations of graduate students

Department Chair: Mary Mallory, Ph.D.

Dates: January, 1997, to June, 1998

### ***Teaching Assistant***

College of Wooster  
Wooster, OH

Duties: undergraduate class in Learning Theory; tutored students, assisted in organizing animal lab for learning experiments, helped research for and plan professor's lectures

Supervisor: David Smith, Ph.D.

Dates: January, 1987, to May, 1987

## **ADDITIONAL TEACHING EXPERIENCES**

Faculty, A.T. Still University (ATSU) School of Osteopathic Medicine: Provide occasional didactics and preceptoring for osteopathic medicine students training at HealthPoint Community Health Centers.

Dates: 2010-2014

Contributing Lecturer, Fairleigh Dickinson University Certificate Program in Integrated Primary Care: Developed and delivered lectures used in this continuing education program. Topics of the lectures

included management of behavioral medicine problems in primary care, and of controlled substance issues in primary care.

Dates: Lectures developed in 2011. They were recorded and are used in an ongoing fashion with trainees.

Developed and/or taught (alone or with a partner) approximately 140 classes in weight management, tobacco cessation, stress management, and coping with chronic illness. Attendees were a mix of active duty and retired military personnel and their family members.

Number in classes: ranged from 7-25

Dates: 1995-2002

Social Work Internship lectures: developer of and instructor for weekly didactics for interns (LCSW and MSW); topics included basics of cognitive-behavioral therapy, ethics, sleep disorders, confidentiality in the military, CBT for anxiety disorders et al.; also provided individual and group clinical supervision

Number in class: 6

Dates: September, 2001, to 2002
