

How is (target problem) going for you?
<ul style="list-style-type: none"> <li>• Would you say it is improving, remaining the same or getting worse?</li> </ul>
<ul style="list-style-type: none"> <li>• What specifically has changed (if anything)?</li> </ul>
<ul style="list-style-type: none"> <li>• Has anyone else noticed any change(s)? If so, what?</li> </ul>
<i>If improving or worsening:</i>
<ul style="list-style-type: none"> <li>• What do you think is causing the change?</li> </ul>
<i>If the same:</i>
<ul style="list-style-type: none"> <li>• What do you think you are doing that is helping you keep it from getting worse?</li> </ul>

*Figure 9.10.* Questions for assessing patient improvement.
