Patricia J. Robinson, Ph.D.

100-Word Print Bio

Dr. Patti Robinson is recognized as an international expert on primary health integration work. She has worked as a researcher, consultant and trainer for the past 30 years and published numerous books and articles for peer reviewed journals. She is crackerjack clinician and co-founded a form of Acceptance and Commitment Therapy for the primary care setting. With Jeff Reiter, she has published 3 editions of the classic book, *Behavioral Consultation and Primary Care: A Guide to Integrating Services*.

Jeffrey Reiter, Ph.D., ABPP

100-Word Print Bio

Jeffrey Reiter, Ph.D., ABPP, is a board-certified clinical psychologist and a leading voice in the integration of behavioral health services into primary care. As co-author of *Behavioral Consultation and Primary Care: A Guide to Integrating Services*, he has been instrumental in advancing integrated care as a means of alleviating the mental healthcare access crisis and strengthening primary care. Dr. Reiter has trained thousands of professionals and continues to shape policy, training, and best practices in the field. His work helps clinicians, administrators and primary care teams meet the behavioral health needs of patients in an efficient and holistic manner.
